

Elevate how you manage your indoor garden with the Click and Grow Water Transmitting Wicks 9 pcs. These wicks are expertly designed to ensure a steady and reliable water supply for your plants, guaranteeing that your Smart Gardens and Wall Farms always remain perfectly hydrated for optimal plant growth.

- **Effortless Installation:** Designed for convenience, these wicks can be easily set up in your indoor garden.
- **Broad Compatibility:** Compatible with a range of Click and Grow systems.
- **Effective Water Transmission:** Capillary action ensures consistent water delivery to your plants.
- **Durable and Reliable:** Made to last and support the healthy growth of your plants.
- **Pack of Nine:** Have multiple wicks to support an extensive garden setup.

Effortless Installation

Forget complicated setups; the Click and Grow Water Transmitting Wicks are designed with user experience in mind. These wicks can be quickly and seamlessly inserted into your indoor garden's modules, making them ready to use in no time at all. With these wicks in place, your Smart Gardens and Wall Farms can provide continuous hydration to your plants without any hassle.

Broad Compatibility

No need to worry about whether these wicks will fit your system—Click and Grow Water Transmitting Wicks are universally compatible with all your favourite Click and Grow products, including the Smart Herb Garden, Smart Garden 3, Smart Garden 9, and Wall Farm. This versatility ensures that your indoor garden can thrive regardless of the model you own.

Effective Water Transmission

Leveraging the science of capillary action, these wicks guarantee that water consistently reaches the soil and your plants' roots. This continual water transmission ensures that your plants receive the right amount of moisture needed for steady, healthy growth and maximum yield.

Durable and Reliable

Constructed with quality materials, the Click and Grow Water Transmitting Wicks are designed to stand the test of time. Thanks to their durability, you can count on these wicks to support the sustainable, fruitful development of your greens, herbs, and flowers.

Pack of Nine

With a complete set of nine wicks, you'll be well-prepared to maintain a lush and expansive indoor garden. Whether you're aiming to cultivate various herbs, vegetables, or flowers, having this pack ensures that you have the necessary components to care for a more extensive collection of plants.
