

Click & Grow Gardening Accessories Kit is a practical set of tools and essentials designed to support everyday plant care. From helping fruiting plants produce more to keeping maintenance clean and precise, it gives you the small extras that make gardening simpler and more consistent.

- Boosts fruiting yields with easy, targeted pollination
- Prunes and harvests neatly with high-precision herb shears
- Includes spare wicks to replace clogged or worn ones
- Keeps accessories organised in a dedicated storage bag
- Comes with a Click & Grow branded tote bag for easy carrying

Boosts fruiting yields with easy, targeted pollination

Some fruiting plants benefit from a little help to move pollen between flowers. The pollination brush lets you do this gently and accurately, improving pollination results and supporting better yields over time.

Prunes and harvests neatly with high-precision herb shears

Clean cuts help protect your plants during harvesting and trimming. The herb shears are designed for precision, so you can snip leaves and stems confidently without tearing or damaging surrounding growth.

Includes spare wicks to replace clogged or worn ones

Wicks can clog or wear out with use. With spare wicks ready to go, it's easy to swap in a fresh one and keep your system working as intended, without interruptions to your plants' routine.

Keeps accessories organised in a dedicated storage bag

Small tools are easiest to use when they're easy to find. The included accessories bag gives you one place to store your kit, helping you stay organised between planting, pruning, and maintenance sessions.

Comes with a Click & Grow branded tote bag for easy carrying

Whether you're moving tools around the home or packing them away, the tote bag makes it more convenient to carry and store your Click & Grow accessories.

Package includes:

- Pollination Brush
- Herb Shears
- 9 wicks
- Accessories Bag
- Click & Grow branded Tote Bag
