Grow Fresh, Healthy Chili Peppers at Home

Enjoy the spice of life with chilli peppers grown right in your kitchen. The Click and Grow Chili Pepper Mix lets you quickly cultivate a range of chilli peppers. Packed with essential nutrients, you can relish in the freshest, cleanest produce without worrying about pesticides or herbicides.

A Colorfully Diverse Mix of Chili Varieties

Your taste buds will never get bored with this vibrant blend of Purple, Piri Piri, and Red Hot Chili Peppers. These chillies cover a spectrum of heat from 20,000 to 80,000 Scoville units, ready to infuse a fiery zest into your favourite dishes.

Easy Hand Pollination for Optimal Yield

First blooms appear within 50 days and require a simple hand-pollination touch. Experience the joy of watching your chilli peppers develop from bright flowers to ripe, colourful pods ready for picking.

Garden-to-Plate Experience with No Harmful Substances

Take your cooking to the next level with the knowledge of what goes into your food. Click and Grow provides a seamless path from garden to plate, ensuring fresh, toxin-free meal ingredients.

Effortlessly Integrates with Your Click & Grow Indoor Garden

The refill pack is designed to fit perfectly into your existing Click & Grow indoor garden. It's the easiest way to expand your home garden selection with minimal effort and maximum enjoyment.
