Iotty Smart Switch Faceplate 1-gang - Black

Refresh your switch with the Iotty Smart Switch 1-gang replacement faceplate. Designed in Italy and made from high-quality tempered glass, it gives your walls a clean, considered finish. Choose from five colours and change the faceplate to suit your interior. Faceplate only. An Iotty Smart Switch Base is required for a functioning switch.

- High-quality tempered glass
- Designed in Italy
- Interchangeable faceplate design
- Five colours to suit your interior
- Made for the Iotty Smart Switch Base

High-quality tempered glass
Give your switch a refined finish with a faceplate made from high-quality tempered glass. Its smooth surface complements modern interiors with a simple, elegant look.

Designed in Italy
Bring Italian design to an everyday detail. The Iotty faceplate combines clean styling with attention to detail, making your switch part of the room's design.

Interchangeable faceplate design
Update the appearance of your Iotty Smart Switch by changing its faceplate. The interchangeable design lets you replace an existing faceplate or choose a different colour when your décor changes.

Five colours to suit your interior
Choose from white, black, blue, grey or tan. Match the faceplate to your walls for a coordinated finish, or select a contrasting colour to make the switch stand out.

Made for the Iotty Smart Switch Base
This 1-gang faceplate is designed for use with the Iotty Smart Switch Base. It is a replacement faceplate, not a complete switch, and does not function on its own. The Smart Switch Base must be purchased separately.
