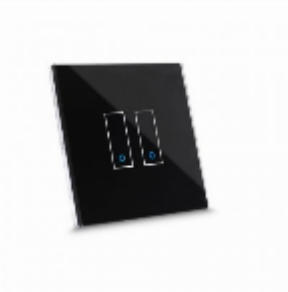
Iotty Smart Switch Faceplate 2-gang - Black



Give your switches a clean, considered finish with the Iotty Smart Switch faceplate. Designed in Italy and made from tempered glass, this interchangeable 2-gang faceplate lets you coordinate your switches with your interior in a choice of five colours.

Please note: This product is a faceplate only. An Iotty Smart Switch Base is required for a functioning switch and is sold separately.

- High-quality tempered glass
- Designed in Italy
- Interchangeable faceplate
- Five colours to suit your interior
- 2-gang design

High-quality tempered glass
The tempered glass faceplate gives your switch a smooth, refined finish. Its clean surface brings a modern touch to your walls.

Designed in Italy
Italian design combines a simple appearance with attention to detail. The faceplate adds an elegant finishing touch without distracting from the rest of your room.

Interchangeable faceplate
Personalise the appearance of your Iotty switch with an interchangeable faceplate. Choose a finish that suits your space, with the option to change the look when your interior changes.

Five colours to suit your interior
Choose from white, black, blue, grey or tan. Coordinate the faceplate with your wall colour for a subtle finish, or select a contrasting shade to make your switch stand out.

2-gang design
This faceplate features two slots for a 2-gang switch layout. It provides the visible glass finish; a compatible Iotty Smart Switch Base is required for the switch to function.

Package includes

- 1 x Iotty Smart Switch 2-gang faceplate
