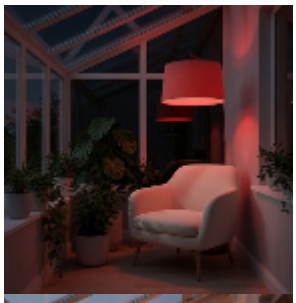
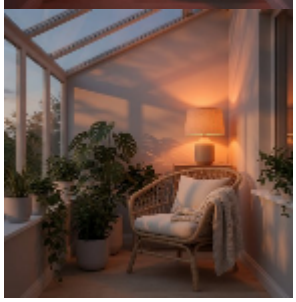
Lite Bulb Moments: White & Color Ambience (RGB) E14 Bulb





Lite Bulb Moments smart E14 LED bulb with RGB, dimmable lighting and support for Google Home and Alexa gives you flexible control of light, colour and atmosphere from your phone or with your voice. Choose warm white light for everyday comfort, cooler tones for focus, or full RGB colour to set the right mood in any room.

- White and colour ambience with more than 16 million colours
- Dimmable lighting controlled via app
- Circadian lighting to support your daily rhythm
- Smart control with TUYA, Google Home and Amazon Alexa
- Efficient LED design with recyclable materials

White and colour ambience with more than 16 million colours
Create the right atmosphere for every moment with a full RGB colour scale and adjustable white tones from 2700 K to 6500 K. Use warm light for a relaxed evening, cooler light when you need clarity, or choose from more than 16 million colours to match your room, season or occasion.

Dimmable lighting controlled via app
Adjust the brightness directly from the app to suit your activity and comfort. Whether you are reading, working, relaxing or setting a softer evening ambience, the dimmable function gives you precise control without needing a separate dimmer switch.

Circadian lighting to support your daily rhythm
The bulb supports circadian lighting, helping your home lighting follow a more natural rhythm throughout the day. Brighter, cooler light can support focus during active hours, while warmer and softer light can help create a calmer setting later in the evening.

Smart control with TUYA, Google Home and Amazon Alexa
Connect the bulb to the TUYA app and control it from your smartphone. It also works with Google Home and Amazon Alexa, so you can adjust brightness, change colours, turn the light on or off, and create routines using voice control or app-based automation. Setup is guided step by step in the TUYA app and the bulb supports both Wi-Fi and Bluetooth.

Efficient LED design with recyclable materials
With a power consumption of 4.5 W and a light output of 330 lm, the bulb provides efficient everyday lighting for E14 fittings. It is mercury-free, flicker-free and designed with sustainability in mind, with recyclable product materials and FSC-approved retail packaging.

Package includes

- 1 Lite Bulb Moments White and Color Ambience RGB E14 bulb

Product specifications

- Brand: Lite bulb moments
- Product type: Smart LED bulb
- Socket: E14
- Colour: White and RGB
- RGB colour scale: More than 16 million colours
- Colour temperature: RGB and 2700 to 6500 K
- Brightness: 330 lm
- Dimmable: Yes, via app
- Circadian lighting: Yes
- LED chip quality: Sanan-e
- Diameter: 37 mm
- Height: 106 mm
- Lifetime: 20,000 hours
- Switching cycles: More than 15,000 on and off cycles
- Beam angle: 200 degrees
- Colour rendering index: CRI at least 80
- Power: 4.5 W
- Equivalent wattage: 35 W
- Voltage: 220 to 240 V
- Frequency: 50 to 60 Hz
- Power factor: Greater than 0.5
- Connectivity: Wi-Fi and Bluetooth
- Network support: 2.4 GHz and 5 GHz
- App support: TUYA app
