Iotty Smart Switch Faceplate 1-gang - Cyan

Give your smart switch a refined finish with the Iotty single-gang tempered glass front plate. Designed in Italy and available in five colours, this interchangeable front plate brings a clean, modern look to your walls.

Front plate only. An Iotty Smart Switch Base is required for a functioning switch and is not included.

- High-quality tempered glass
- Designed in Italy
- Five colours to suit your interior
- Interchangeable front plate
- Single-gang fit for the Iotty Smart Switch Base

High-quality tempered glass
Made from high-quality tempered glass, the front plate gives your Iotty Smart Switch a polished finish. Its glass surface adds a considered detail to your interior.

Designed in Italy
Italian design and attention to detail give the front plate a clean, contemporary appearance. It complements modern interiors without drawing attention away from the rest of the room.

Five colours to suit your interior
Choose from white, black, blue, grey or tan to coordinate with your walls, fittings and furnishings. Match your surroundings or select a contrasting colour to make the switch stand out.

Interchangeable front plate
The interchangeable design lets you change the look of your Iotty Smart Switch with a different front plate. Choose the finish that suits your room now, with the option to update it as your interior changes.

Single-gang fit for the Iotty Smart Switch Base
This single-gang front plate is designed for use with the Iotty Smart Switch Base. It is the finishing plate only, not a complete switch, so make sure you have the required base before installation.
