Customizable Planting

This is your garden playground where anything is possible! The Click and Grow Smart Garden Refill 3-pack empowers you to plant any desired seeds. The choice from lush greens to fragrant herbs and beautiful flowers is yours. Add your preferred seeds to the Smart Soil and watch your garden come to life.

Advanced Smart Soil Technology

With our superior Smart Soil, your plants receive the perfect balance of oxygen, water, and nutrients. Compared to ordinary potting soil, our Click and Grow Smart Soil ensures your seeds are wrapped in the best environment for sprouting and thriving, promoting faster growth and healthier plants.

Safe and Healthy Growth

Say goodbye to concerns about what's in your plants. Our Smart Garden Refill pods are free from pesticides, fungicides, insecticides, plant hormones, and other suspicious substances. This commitment to purity means you enjoy the peace of mind that comes with knowing exactly how your plants are grown.

Sustained Nourishment

We've packed each pod with enough plant food for up to four months, delivering all the necessary nutrients without extra fertilization. It's a convenient, no-mess solution to maintain your plants' health and vitality, ensuring lush, verdant growth over extended periods.

Supportive Community and App

Join an enthusiastic group of Click and Growers and share the progress of your experimental plants. Our community is a space to exchange tips and inspiration. Plus, with support available through the Click & Grow app, you'll have guidance through every stage of your plant's lifecycle.
