Click & Grow Plant Pods 9-Pack - Italian Herbs

Click & Grow Smart Garden refill - Italian Herbs 9-pack for Fresh Kitchen Treasures – Italian herb plant pod backfill set for smart indoor gardens brings the sun-drenched flavors of the Mediterranean straight to your countertop. Effortlessly grow fresh thyme, basil, and oregano all year round and turn everyday dishes into gourmet experiences with your smart indoor garden.

- Three essential Mediterranean herbs in one smart refill pack
- Effortless, mess-free growing in Click & Grow indoor gardens
- Garden-to-plate freshness from your own kitchen
- Vitamin-rich, aromatic herbs that elevate every meal
- Perfect for home chefs who love Italian and Mediterranean cuisine

Three essential Mediterranean herbs in one smart refill pack
This Italian Herbs 9-pack is built around three true Mediterranean staples: thyme, basil, and oregano. You get three plant pods of each herb, so your smart indoor garden can stay full of flavor for weeks on end. Designed as a backfill set for Click & Grow smart gardens, it gives you a ready-made selection for Italian-inspired cooking, from pizza and pasta to roasted vegetables and marinades. Simply insert the pods, add water, plug in your garden, and let it do the rest.

Effortless, mess-free growing in Click & Grow indoor gardens
These plant pods are designed to work seamlessly with Click & Grow smart indoor gardens, giving you a truly hassle-free growing experience. No soil bags, no guesswork, no need for a green thumb. The pods contain a smart soil blend that automatically balances water, oxygen, and nutrients, so your herbs get what they need without you overthinking it. Just drop the pods into your garden, keep the water tank filled, and enjoy effortless indoor growing all year long.

Garden-to-plate freshness from your own kitchen
With this backfill set, fresh herbs are always within arm's reach. Harvest thyme, basil, and oregano right before cooking and experience a clean, vibrant flavor that dried herbs simply cannot match. Sprinkle basil over a just-baked pizza, add fresh oregano to a tomato sauce, or finish grilled vegetables with a touch of thyme. Growing in your own kitchen means a shorter time from garden to plate and maximum aroma every time you cook.

Vitamin-rich, aromatic herbs that elevate every meal
Thyme, basil, and oregano are not only delicious, they are also naturally rich in beneficial compounds such as vitamins and antioxidants. Basil is known as the "king of herbs" for its intense aroma and nutritional value. Thyme keeps its bold flavor even when heated, making it ideal for roasting and slow cooking, and is often used in calming herbal teas. Oregano is one of the world's most loved herbs, bringing a robust, savory character to marinades, sauces, and oven-baked dishes. Together, they upgrade both the taste and quality of your everyday meals.

Perfect for home chefs who love Italian and Mediterranean cuisine
If you love the flavors of the Mediterranean coast, this 9-pack is your ideal kitchen companion. Thyme, basil, and oregano form the backbone of countless Italian and Mediterranean recipes, from simple bruschetta to complex stews and grilled dishes. Keep these three classics growing in your smart indoor garden and you will always have the right herbs on hand to finish plates like a chef, whether you are cooking a quick weekday dinner or preparing a special meal for guests.
