Süti Silicone PhoneBack for iPhone 18 Pro - Carbon Black

Suti PhoneBack is an ultra-thin iPhone cover designed for people who want discreet protection without losing the feel of their iPhone. It adds grip, protects the camera and back panel, and works seamlessly with MagSafe and wireless charging.

- Ultra-thin no-case feel
- Secure MagSafe connection
- No adhesives or residue
- Camera and back-panel protection
- Premium material options

Ultra-thin no-case feel
Suti PhoneBack is designed to stay as close as possible to the natural feel of your iPhone. With a slim profile of 2.3 to 4 mm and a lightweight construction of 44 to 54 g, it adds protection without unnecessary bulk. It feels comfortable in the hand and slides easily into pockets.

Secure MagSafe connection
Designed for MagSafe, Suti PhoneBack uses a strong neodymium magnet array for a reliable hold with compatible accessories. It stays securely in place while remaining fully compatible with MagSafe and wireless charging.

No adhesives or residue
Suti PhoneBack attaches without adhesives, so you can remove it or switch styles whenever you want. It goes on smoothly, comes off cleanly, and leaves no residue on your iPhone.

Camera and back-panel protection
The cover helps shield the back of your iPhone from scratches while also adding protection around the camera area. It is made for everyday use, giving you added confidence without changing how your phone is meant to feel.

Premium material options
Choose the finish that best suits your style and use. Silicone offers the most grip and is waterproof, durable, scratch-resistant, and smudge-resistant. NanoLeather is a smooth premium vegan leather with no animal products. NanoSuede is an ultra-soft artificial suede that is stain-resistant and waterproof. Walnut Wood uses natural walnut veneer with a matte oil-based finish that develops character over time. Clear keeps the iPhone’s original look visible while adding grip. Carbon Fiber is the lightest option, with a strong structure and smooth texture.

Package includes
