

Elevate your workspace to new heights of functionality and convenience with the ALOGIC Dual USB-C Super Hub, engineered to unlock the full potential of your USB-C-enabled devices. This sleek, space-grey hub complements your setup while offering unparalleled support for dual 4K displays and a host of other peripherals. With Alogic's innovative magnetic connector technology, this Super Hub redefines versatility for both Mac and Windows users.

- Universal 10-in-1 connectivity expands your capability
- Dual Ultra HD 4K@60Hz displays for Mac users
- Innovative magnetic USB-C connectors for flexible use
- Up to 100W power delivery for charging your devices
- Compact, portable design with multiple ports and passthrough charging

Universal 10-in-1 Connectivity

Whether at home, in the office, or on the go, the ALOGIC Super Hub turns your USB-C device into a powerhouse workstation. Enjoy seamless access to two HDMI ports, USB-C and USB-A peripherals, ethernet and audio devices, and SD and Micro SD card readers. This hub provides all the essential ports you need to stay productive and efficient in any environment.

Dual Ultra HD 4K@60Hz Displays for Mac Users

Mac users can revel in the brilliance of dual Ultra HD 4K displays running at a smooth 60Hz refresh rate. When both USB-C connectors are used with your MacBook Pro/Air, you can create a visually stunning dual-display setup that elevates your viewing and productivity to the next level.

Innovative Magnetic USB-C Connectors

ALOGIC's dedication to design innovation shines with the Super Hub's magnetic USB-C connectors. They offer unprecedented flexibility and ease of use, with the ability to attach or detach as needed. This feature ensures that the hub adapts to your unique setup and workflow, delivering the performance you require precisely when needed.

Up to 100W Power Delivery

This hub doesn't just expand your connectivity; it also powers your devices. With up to 100W power delivery support, you can charge your laptop directly through the Super Hub. Simplify your work area with a single cable that handles data transfer, video output, and device charging.

Compact, Portable Design

The ALOGIC Super Hub's design perfectly balances function and form. Though small and portable, it doesn't compromise on functionality or performance. This makes it an ideal companion for today's on-the-go lifestyle, ensuring you can create a high-performance workstation wherever you are.
