Innovative 5-position Origami folding design
The exceptional "Origami" folding style sets this case apart with unmatched versatility. Unlike standard cases, it offers a total of 5 different standing positions for your iPad Pro: two positions for typing and viewing (similar to Apple's Smart Cover), two additional folding positions that create a stable wide base (perfect for soft surfaces or tray tables), and a portrait position that's ideal for FaceTime and video calls.

Premium soft-touch PU exterior with luxurious microfiber lining
This Gold/Clear case features Pipetto's best-selling soft-touch PU exterior that feels velvety to touch while providing robust protection. The interior is lined with a soft dove grey microfiber material that protects your screen from scratches while adding a touch of luxury to your iPad experience.

Full access to cameras, buttons, and USB-C port
Designed specifically for the iPad Pro 2018 11" model, this case provides complete access to both front and rear cameras, volume buttons, and the USB-C charging port. The precision cutouts ensure you can use all your device's functions without removing it from the case.

Smart wake/sleep functionality saves battery life
The Origami Case works seamlessly with your iPad's sleep-wake function, automatically putting your device to sleep mode when the cover is closed and waking it when opened. This intelligent feature helps extend your battery life by up to 20%, ensuring your iPad is ready when you are.

Elegant Gold/Clear design with complete device protection
The stunning Gold/Clear color combination offers a sophisticated look while providing comprehensive protection for your iPad Pro. The durable construction shields your device from scratches, bumps, and minor drops, giving you peace of mind without compromising on style.
