Optimal Resolution Support

Experience stunning visuals with the ALOGIC Ultra Mini USB-C to DisplayPort Adapter, supporting resolutions up to 3840 x 2160 (2160p) at an impressive 60Hz. Whether working on detailed graphics or enjoying crisp video playback, this adapter ensures you get the best picture quality possible from your DisplayPort-enabled monitor or projector.

Compact, Travel-Friendly Design

The Ultra Mini Adapter's lightweight construction—less than 20 grams—allows it to fit seamlessly in your pocket, laptop bag, or handbag. Despite its diminutive size, it packs a mighty performance, making it an essential tool for presentations and meetings, regardless of location.

Superior Build Quality

Crafted from superior materials, the ALOGIC Ultra Mini USB-C to DisplayPort Adapter features a metal alloy jacket and TPE for enhanced durability. It's built for elegance and long-lasting use, meeting and exceeding the most demanding performance standards and giving you peace of mind about its reliability.

Wide-Ranging Compatibility

This versatile adapter is compatible with USB-C ports on devices with DisplayPort passthrough, including Windows, Mac, Chromebook, and Android. It's also compatible with Thunderbolt 3 ports, extending its usability across a broad range of equipment and ensuring you're never without a connection.

Easy-to-Use, Plug-and-Play

The ALOGIC Ultra Mini USB-C to DisplayPort Adapter offers a simple plug-and-play experience, forgoing the need for complicated setup procedures. It's designed with an offset to allow unrestricted access to nearby ports on your device, ensuring that you can easily connect to other peripherals without interference.
