Twelve South StayGo mini USB-C Hub - Black

The Twelve South StayGo mini USB-C Hub adds four ports to your MacBook Neo in a compact, lightweight design. Connect peripherals, an external display and headphones while charging your device through the USB-C pass-through port.

- **Compact Design for MacBook Neo** – also compatible with other USB-C devices
- **Four Essential Connections** – headphone jack, USB-A, HDMI and USB-C for pass-through charging
- **Pass-Through Charging** – charge your MacBook Neo while using the hub
- **Plug and Play** – no drivers or setup required
- **Flexible Placement** – includes a 0.5-metre cable for your desk setup

Compact Design for MacBook Neo StayGo mini expands your MacBook Neo's connectivity without taking up much space. It also works with other USB-C devices, including iPad Air and iPad Pro.

Four Essential Connections Connect headphones through the headphone jack, peripherals via USB-A and an external display via HDMI. The USB-C port provides pass-through charging.

Pass-Through Charging Keep your MacBook Neo connected to power while using the hub's other ports, without disconnecting your peripherals.

Plug and Play Plug StayGo mini into your MacBook Neo's USB-C port and connect your devices. No drivers or configuration are required.

Flexible Placement Connect the hub directly via USB-C or use the included 0.5-metre USB-C cable to position it on your desk, whether your MacBook Neo is on a stand or resting on the desktop.
