

Maximize your productivity and workspace with the Alogic Docking Station. This elegantly designed Universal Twin HD Pro docking station from Alogic redefines efficiency through its versatile connectivity solutions. Integrating power, display, networking, and data transfer capabilities into a single compact unit, the Alogic Docking Station is the perfect companion for your Windows or Mac laptop.

- Seamlessly connect dual Full HD monitors
- Rapid 85W Power Delivery for USB-C-enabled laptops
- Uncompromising universal compatibility with USB-C & USB-A
- Comprehensive connections with fast transfer speeds
- Built-in Power Delivery for effective workspace management

Dual Full HD Displays

Create the ultimate visual workspace with the Alogic Docking Station, which supports single or dual Full HD monitors. Boost your productivity with the ability to add up to two Full HD monitors running at a resolution of up to 1920 x 1080p at 60Hz. Enhanced multitasking and expanded workspace at your fingertips.

Power Delivery – Charge While You Work

Equipped with innovative Power Delivery Technology, this docking station not only charges your USB-C-enabled laptop with up to 85 watts of power but also allows simultaneous data transfer, audio, video, and Ethernet connectivity. Thus, you can keep your laptop powered up while efficiently completing all your tasks.

Universal Compatibility – USB-C & USB-A Friendly

The Alogic Docking Station is designed to embrace every user. Whether your device supports USB-C or USB-A, this universal dock welcomes both. A precise solution for hot desk environments that cater to a mix of MacBook and Windows users, offering seamless connectivity options for all.

High-Speed Connections

Enjoy lightning-fast data transmission with various ports, including USB-C 3.1 Gen 1 and USB-A 3.0, each boasting speeds of up to 5Gbps. Connect peripheral devices easily and ensure efficient data transfer while charging your devices with dedicated power outputs.

Smart Charging & Network Capabilities

Prioritise your charging needs with a USB-A port featuring BC 1.2 and Apple charge capabilities, ensuring your devices are always ready. Furthermore, the integrated Gigabit Ethernet port delivers high-speed network solutions for a stable and reliable internet connection.

Package includes
