Upgrade your workspace with the Satechi 4-Port USB-C Hub with PD, a sleek and efficient solution to enhance your device connectivity. Engineered for convenience and performance, this hub allows you to connect multiple devices seamlessly, making it an essential tool for both productivity and entertainment.

- Effortless Connectivity
- Power Delivery Supported
- Compact & Portable Design
- Universal Compatibility
- Plug-and-Play Installation

Effortless Connectivity

The Satechi 4-Port USB-C Hub with PD transforms a single USB-C port into four, providing ample space to connect your devices. Whether you're connecting external drives, smartphones, or other peripherals, enjoy the freedom of expanded connectivity without the hassle of disconnecting and reconnecting devices.

Power Delivery Supported

Experience uninterrupted performance with the hub's Power Delivery (PD) support. It features pass-through charging up to 100W, allowing you to charge your laptop or other USB-C devices while keeping all ports in use. Power up your devices quickly and stay focused without worrying about battery levels.

Compact & Portable Design

Designed with portability in mind, the Satechi 4-Port USB-C Hub is compact and lightweight, making it ideal for travel or remote work. Slip it into your bag or laptop case effortlessly, and you'll have instant access to four additional ports wherever you go.

Universal Compatibility

The hub offers broad compatibility with various USB-C devices, including MacBook Pro, MacBook Air, iPad Pro, and more. Its versatile functionality ensures you can connect and use your gadgets seamlessly, making it a versatile addition to your tech setup.

Plug-and-Play Installation

Forget about complex setups and installations. The Satechi 4-Port USB-C Hub is designed for plug-and-play use. Connect it to your USB-C port, and it's ready. No additional drivers or installation processes are necessary, offering a straightforward expansion of your device's connectivity.
