The Satechi USB-C Pro Hub is tailor-made for your latest MacBook Pro/Air, giving you comprehensive connectivity that takes your productivity to new heights. With a robust array of ports including dual USB-C pass-through, Thunderbolt 3, 4K HDMI, and SD and Micro SD card readers, integrating your devices has never been more seamless. Meticulously designed to match the elegance of your MacBook, it adds a touch of style while expanding your device's capabilities.

- Dual USB-C pass-through charging ports
- Thunderbolt 3 port
- High-quality 4K HDMI video output
- SD and Micro SD card readers
- Two USB-A ports

### Dual USB-C pass-through charging ports

Supercharge your device without missing a beat with two USB-C pass-through charging ports. Specifically designed for the new MacBook Pro, it lets you power up your device swiftly while continuing to use other devices with unmatched convenience.

### Thunderbolt 3 port

Ensure spectacular performance with the Thunderbolt 3 port capable of up to 5K or 2x4K @60Hz video and 40Gb/s data speed. Encourage multitasking at its best and redefine your work or leisure time with this unbeatable feature.

### High-quality 4K HDMI video output

Experience vivid visuals with the high-quality 4K HDMI video output. Whether presenting an impressive business proposal or enjoying your favourite movie, prepare for the clarity that heightens your experience.

### SD and Micro SD card readers

Expand your storage options with an SD and Micro SD card reader. Seamlessly transfer files, photos, and videos to your MacBook with an impressive speed of up to 104MB/s.

### Two USB-A ports

Utilize your legacy devices with two additional USB-A ports. Let there be no barrier to productivity as you move ahead with ruthless efficiency.
