

Experience the ultimate desk companion with the Satechi USB-C Clamp Hub Pro. It is exclusively designed for iMac Pro and iMacs (2017 & later) to boost your connectivity and keep your most used devices within reach, presenting an elegant and functional addition to your desktop. Entirely plug-and-play, the Hub Pro is the perfect accessory to optimize your workspace.

- Exclusively designed for iMac
- Offers everything within reach
- Ease of plug & play
- Matches your iMac
- Provides multiple ports

#### **Exclusively designed for iMac**

The Satechi USB-C Clamp Hub Pro is made explicitly for your iMac Pro and iMacs (2017 & later). It adds essential ports and slots, including a USB-C data port, three USB 3.0 data ports, and Micro/SD card readers to your machine, boosting its functionality.

#### **Offers everything within reach**

Positioned at the front of your iMac Pro, the Hub Pro extends your ports bringing them closer. By connecting it securely with the included adjustable knob, enjoy quick access to all your peripheral devices without hassle.

#### **Ease of plug & play**

The plug-and-play operation of the Satechi USB-C Clamp Hub Pro makes it a user-friendly accessory. Fit it into one of your iMac's Thunderbolt 3 ports, fasten it with the adjustable knob, and plug your devices for a secure, high-speed data transfer.

#### **Matches your iMac**

Carefully constructed with a sleek, brushed aluminium finish, this Hub Pro complements the elegance of your iMac Pro. It is available in two modern colours, grey and silver, making it functional and stylish.

#### **Provides multiple ports**

With three USB 3.0 ports, a USB-C data port, and Micro/SD card readers, the Satechi USB-C Clamp Hub Pro hosts multiple types of connections. These ports allow for a wide range of devices to be connected, offering excellent flexibility.

#### **Package includes**

- Satechi USB-C Clamp Hub Pro packaging includes the hub, an adjustable knob for secure fastening, and a user manual for easy installation—Space Grey
