UAG Monarch Pro Case for Apple iPhone 18 Pro / 17 Pro - Black

Unleash the ultimate protection for your Apple iPhone 18 Pro / 17 Pro with the UAG Monarch Pro Carbon Fiber Case. This rugged, all-terrain case combines unrivaled durability with seamless magnetic charging functionality, ensuring your device stays protected and charged in any environment.

- 5-layer protection system
- Integrated magnetic module
- Premium carbon fiber finish
- Drop protection of 7.6 m
- Tactile grip and responsive buttons

5-layer protection system
The UAG Monarch Pro features an innovative 5-layer construction that provides unrivaled protection for your iPhone 18 Pro / 17 Pro. The case starts with an impact-resistant core that absorbs and disperses shocks from accidental drops. The distinctive armored frame, made from sleek carbon fiber, adds strength and style. A polycarbonate plate provides rigidity and scratch resistance, while an impact-resistant rubber rim adds extra cushioning against bumps and knocks.

Integrated magnetic module
Stay connected and charged with the built-in magnetic module, which is compatible with MagSafe, Qi and most wireless chargers and magnetic accessories. This seamless integration ensures perfect alignment for faster wireless charging and supports Samsung Pay, so you can use your device's features without compromise.

Premium carbon fiber finish
The UAG Monarch Pro showcases a sophisticated carbon fiber finish on its armored frame, providing both enhanced strength and a distinct, modern aesthetic. This premium material not only increases the case's durability but also gives your iPhone 18 Pro / 17 Pro a sleek, professional look.

7.6m drop protection
The UAG Monarch Pro has been independently tested to withstand drops up to 7.6 meters and exceeds military drop test standards (MIL STD 810G 516.6) by 5 times. This exceptional level of protection ensures your device remains safe even in the most challenging conditions, giving you peace of mind wherever your adventures take you.

Tactile grip and responsive buttons
Designed for optimal usability, the UAG Monarch Pro features a contoured edge with a non-slip grip for safe and easy handling. Ultra-responsive, oversized tactile buttons provide a crisp click feel, so you never miss a beat when using your device. Plus, integrated lanyard anchor points provide extra security and convenience for those who prefer to keep their phone close at hand.
