Compact and Portable Design
The ALOGIC Ultra Mini USB-C to VGA Adapter boasts a minimal footprint, making it an ideal travel companion for presentations and meetings. Weighing less than 10g, it efficiently fits into any laptop bag, handbag, or pocket without taking up significant space. Its small stature does not compromise access to other ports on your device, ensuring full connectivity when in use.

Superior Build Quality
Crafted from the finest materials, the ALOGIC Ultra Mini USB-C to VGA Adapter epitomizes elegance and durability. The premium metal alloy jacket combined with a TPE provides enhanced support and a polished finish, guaranteeing the adapter withstands the rigours of frequent use and exceeds performance expectations.

Seamless Compatibility
This versatile adapter seamlessly connects to various devices with its USB-C input, making it compatible with Windows, Mac, Chromebooks, and even devices that support DisplayPort passthrough, including Thunderbolt 3 ports. Whether for work or play, the ALOGIC Ultra Mini Adapter ensures your device stays connected to your VGA display without any compatibility woes.

High-Resolution Support
Experience crystal clear display quality, as the ALOGIC Ultra Mini Adapter supports resolutions up to 1920 x 1200 (1200p) at 60Hz. This means you can enjoy a flawless and vibrant visual output on your VGA monitor, making detailed presentations, crisp videos, and graphs exceptionally clear.

Plug-and-Play Convenience
Designed for an effortless user experience, the ALOGIC Ultra Mini USB-C to VGA Adapter requires no additional drivers or software. Plug it into your device, and you're ready to go. This plug-and-play adapter saves you time and hassle, ensuring your focus stays on delivering impactful presentations and productive work sessions.
