usbepower

Usbepower Evertek Luxury - Gold

Charge your devices with a cable designed for everyday use. The Usbepower Evertek Luxury combines fast charging with double-braided nylon, Kevlar fibre and metal connectors. Its flexible construction makes it easy to handle, while the leather band keeps it tidy between charges.

- Fast charging
- Double-braided nylon with Kevlar reinforcement
- Premium metal connectors
- Flexible construction for everyday use
- Leather band for tidy storage

Fast charging
Spend less time waiting for your device to charge. The Evertek Luxury supports charging up to twice as fast, helping you top up when time is short. Actual charging speed depends on your device and power adapter.

Double-braided nylon with Kevlar reinforcement
A double-braided nylon exterior combines with DuPont Kevlar fibre to create a strong, lightweight cable. This construction provides durability while retaining the flexibility you need for daily use.

Premium metal connectors
High-quality metal connectors complement the durable braided cable. Together, they give the Evertek Luxury a refined finish without compromising its practical design.

Flexible construction for everyday use
Designed to withstand pressure and repeated bending, the cable stays flexible and easy to handle. It is built for the movement that comes with charging at home, at work or on the go.

Leather band for tidy storage
Keep your cable neatly gathered with the included leather band. It makes the cable easier to store in a drawer or carry in your bag without leaving it loose.

Package includes

- 1 x Usbepower Evertek Luxury Lightning cable
