ALOGIC Super Ultra HD 8K HDMI to HDMI Cable - 1m - Space gray

Experience the future of ultra-high-definition media with the ALOGIC Super Ultra HD 8K HDMI to HDMI Cable. Designed to meet the high standards of the latest HDMI 2.1 specification, this 1-meter cable ensures you get the most out of your HDMI-enabled devices. Whether setting up a high-performance gaming station, a cinematic home theatre, or delivering compelling presentations, this cable is built for those who demand exceptional quality and reliability. Connect with ALOGIC and unlock a world of visual and auditory brilliance.

- Unmatched Resolution and Performance
- Future-Proof HDMI 2.1 Compliance
- Premium Build Quality for Durability
- Backward Compatibility with HDMI Devices
- High Dynamic Range (HDR) for Enhanced Visual Experience

Unmatched Resolution and Performance
When your setup demands the highest resolution and the smoothest frame rates, trust the ALOGIC Super Ultra HD 8K HDMI to HDMI Cable to deliver. This cable can have resolutions up to 8K@60Hz or 4K@120Hz, and it ensures that every pixel is perfectly displayed. Whether watching the latest blockbuster movie, immersing yourself in an intense gaming session, or creating high-definition content, your media will come alive like never before.

Future-Proof HDMI 2.1 Compliance
Prepare your home entertainment or professional display setup for tomorrow's technological advances with the ALOGIC Super Ultra cable. HDMI 2.1 compatibility supports ultra-high resolutions and faster refresh rates and offers an increased bandwidth of up to 48Gbps. This ensures your cable will handle evolving media and gaming technologies, making it a worthy long-term investment for your HD needs.

Premium Build Quality for Durability
Constructed using superior materials, the ALOGIC Super Ultra range exemplifies craftsmanship designed for longevity. The reinforced cable core fortified with synthetic fibre, a thermoplastic jacket, and a robust metal alloy connector housing ensures that your cable can withstand the rigours of frequent use. Gold-plated connectors guarantee a corrosion-resistant contact for uninterrupted transmission.

Backward Compatibility with HDMI Devices
Versatility is key, and the ALOGIC Super Ultra HDMI cable provides seamless functionality with all your HDMI devices. This cable ensures flawless operation regardless of your equipment's age, thanks to backward compatibility with previous HDMI standards. It's the cable you need to bridge your existing technology with the new.

High Dynamic Range (HDR) for Enhanced Visual Experience
Embrace the stunning visual performance made possible by High Dynamic Range technology. With ALOGIC's Super Ultra cable, you can appreciate the enhanced brightness, contrast, and a more comprehensive colour range that HDR content offers. Teamed with compatible audio and video equipment, this cable lets you experience media with unprecedented clarity and detail.
