High-Definition Multimedia Interface (HDMI) V2.1 Compliance

Crafted to meet the latest technological advancements, the ALOGIC Ultra HD 8K HDMI to HDMI Cable adheres to the rigorous HDMI V2.1 specification. This ensures that your devices are future-proof and ready to deliver the rich media content of today and tomorrow.

Stunning 8K Resolution

Unveil the pinnacle of screen resolution with the cable's ability to support an impressive 8K@60Hz. Whether immersing yourself in video games or binging on your favourite series, each frame is displayed with striking clarity and detail, as if you are part of the scene.

High Dynamic Range (HDR) for Vivid Colors

With High Dynamic Range technology, your visual content bursts into life with a spectrum of colours that are more dynamic and captivating than ever. Experience true-to-life imagery with depth and vibrancy, making every scene more realistic.

Variable Refresh Rate (VRR) for Smooth Visuals

Say goodbye to screen tearing and stuttering. The ALOGIC Ultra HD 8K HDMI to HDMI Cable features VRR technology, ensuring a seamless and ultra-smooth interaction with your gaming consoles and high-end video playback, providing an edge in competitive gameplay and a more enjoyable viewing experience.

Enhanced Audio Return Channel (eARC)

Revel in the full-resolution audio that your premium sound systems can deliver. With eARC support, the ALOGIC cable facilitates the transfer of high-bitrate audio formats directly from your TV to your sound system, ensuring that what you hear is just as impressive as what you see.
