Ecocordz 16" Briefcase - Black

Professional, thoughtful and built for modern mobility, the Ecocordz 16" Briefcase is designed to protect what matters most. Designed for professionals who expect high performance in every detail, it combines a sleek silhouette with robust protection and smart storage that makes everyday transportation easy and convenient.

- Premium craftsmanship with water-repellent outer protection
- Luxurious synthetic lining
- Thoughtful storage compartments
- Premium YKK® zippers
- Certified recycled materials
- 100% compostable packaging

Premium craftsmanship - built for everyday demands
The sleek, water-repellent exterior protects both computer and documents from rain and spills, while the clean design gives a professional look. The bag's firm but flexible structure maintains its shape without feeling bulky - perfect for the office, commute and business travel.
Carry it comfortably with reinforced handles or use the detachable, adjustable shoulder strap for added flexibility.

Luxury synthetic lining - superior protection for your device
The inside is covered in a luxurious synthetic lining that protects your laptop from scratches and bumps. The soft, supple material gives a sense of quality every time you open the bag - a small detail that makes a big difference in everyday life.

Thoughtful organization - everything in its place
Designed with functionality in focus. Multiple inner compartments keep chargers, cables and accessories neatly organized, while outer compartments provide quick access to what you need throughout the day. Everything has its place - practical, efficient and stylish.

Premium YKK® zippers - reliability for everyday use
Every component is chosen with precision. The Japanese-made YKK® zippers slide quietly and smoothly, maintaining perfect alignment even after thousands of uses. A detail that confirms the bag's high quality and durable construction.

Made with care - sustainable performance with lower impact
The Ecocordz 16" Briefcase shows that quality and responsibility can go hand in hand. Made from 95% GRS certified recycled materials, turning recycled polyester waste into sustainable protection with style. The high quality of the materials makes the bag durable and long-lasting - which in itself reduces the environmental impact over time. The packaging is 100% compostable and decomposes naturally, leaving no trace. Every part, from material to construction, is designed to combine performance, design and responsibility.
