- Effortless Multi-Device Connectivity
- Customizable Backlight with 14 Patterns
- Tactile Low-Profile Brown Switches
- Ergonomic Design with Adjustable Feet
- Cross-Platform Compatibility (Interchangeable Keys for Windows and macOS)
- US English Layout

Compatible with Both macOS and Windows
Easily connect the keyboard to multiple devices regardless of the operating system. Included are custom keys that can be easily swapped out to fit the platform you are using.

Effortless Multi-Device Connectivity
Enjoy the freedom to connect the Satechi SM1 Keyboard to up to four devices with easy switching. Bluetooth 5.0 ensures a stable wireless connection to two devices, while a dedicated 2.4 GHz USB receiver connects a third. For those who prefer a wired approach, there's also a USB-C connection option, ensuring you're never left without a way to type.

Customizable Backlight with 14 Patterns
Illuminate your typing experience with the keyboard's white adjustable backlight. Choose from 14 unique patterns to match your style or environment. The dedicated lightbulb key allows quick changes to your preferred setting, ensuring optimal visibility in any lighting condition.

Tactile Low-Profile Brown Switches
The perfect balance between typing precision and gaming responsiveness, the low-profile brown switches provide a smooth yet tactile feel. The shorter travel distance reduces finger fatigue, and the quieter operation makes it suitable for any shared space or quiet environment.

Ergonomic Design with Adjustable Feet
Satechi understands the importance of comfort, so they've included adjustable feet on the SM1 Keyboard. Tailor the angle for reduced wrist strain, and enjoy stability across any surface. The slim design and key stabilizers deliver a uniform typing experience that's both stable and comfortable for long sessions.

USB-C Charging
The future-proof USB-C port and long-lasting 2500mAh rechargeable battery keep you charged up for all your typing ventures.
