Meet Satechi's W1 USB-C keyboard – Nordic Layout: The ultimate upgrade to your Mac workspace experience. This wired backlit keyboard is intelligently designed for Mac and iOS device users, promising functionality, ease of use, and sleek aesthetic in one compact solution. Stylize your setup and experience the power of convenience with our W1 USB-C keyboard.

- Designed for Mac & iOS devices
- Hassle-free wired USB-C connection
- Illuminated adjustable backlit keys
- Modern, sleek & ultra-compact design
- Built-in USB-C cable

Designed for Mac & iOS devices
The W1 USB-C keyboard is specially engineered to sync with your Mac and iOS devices seamlessly. With its complete QWERTY layout and convenient function keys, optimizing your workspace experience has never been this easy.

Hassle-free wired USB-C connection
Our W1 USB-C keyboard features a built-in USB-C cable, ensuring an instant, hassle-free connection. Ideal for areas with poor wireless connectivity, our wired solution requires no extra setup or plug-in, and you're good to go.

Illuminated adjustable backlit keys
Enhance your productivity, day or night, with our adjustable backlit keys. Toggle through three levels of brightness and locate each key with ease. In addition, use function hotkeys to effortlessly adjust brightness, volume, pause, play, and many more.

Modern, sleek & ultra-compact design
Our W1 USB-C keyboard is more than just functional - it's a style statement. The sleek aluminium finish complements its ultra-compact design, making it a modern addition to any setup. It's easy to store and perfect for use on the go.

Built-in USB-C cable
There is no need for additional cables or fancy setup routines. Our W1 USB-C keyboard includes a built-in USB-C cable for an instant and simple connection to all your devices.
