Pipetto Classic Fit Sleeve for MacBook Pro 14 / Air 13.6 - Dark Blue

Keep your MacBook safe, snug and easy to carry with the Pipetto Classic Fit Sleeve. Its ultra-slim, contoured design slips neatly into your bag, while premium neoprene and an ultra-soft lining protect your device from everyday knocks, dust and scratches. With a built-in AirTag pocket, you can always keep tabs on where your MacBook is.

- Premium neoprene for 360° protection
- Protective zip closure around all edges
- Discreet internal AirTag pocket
- Ultra-soft faux-fur lining to prevent scratches
- Ultra-slim profile that minimises bulk

Premium neoprene for 360° protection
The Pipetto Classic Fit Sleeve is crafted from high-quality 4 mm neoprene that wraps around your MacBook for reliable, all-round protection. The shock-absorbing material helps cushion against bumps and minor drops, while the soft exterior feels great in your hand and looks smart in any setting. Designed to contour closely to your MacBook, it offers secure protection without sacrificing style.

Protective zip closure around all edges
A sturdy, carefully constructed zip closure runs along the edge of the sleeve to keep your MacBook safely enclosed. This edge-to-edge protection helps guard the most vulnerable areas of your device when you're on the move or sliding it in and out of a bag or briefcase. The smooth-running zip is designed for everyday use, so you can access your MacBook quickly while keeping it shielded from scuffs and knocks.

Discreet internal AirTag pocket
Inside the sleeve you will find a small, dedicated pocket designed specifically for an AirTag. Simply pop your AirTag into the pocket to keep it separate from your MacBook's surface and protected from scratches. With tracking built right into your sleeve, you can easily locate your MacBook if it is left behind or misplaced, adding an extra layer of security and peace of mind.

Ultra-soft faux-fur lining to prevent scratches
The interior of the sleeve features an ultra-soft, faux-fur lining that pampers your MacBook every time you slide it in or out. This gentle lining helps prevent hairline scratches, scuffs and marks on the aluminium surface of your device, while also protecting it from dust and dirt. It is designed to keep your MacBook looking as pristine as the day you bought it, even with daily use.

Ultra-slim profile that minimises bulk
With its ultra-minimalist design and slim silhouette, the Pipetto Classic Fit Sleeve delivers dependable protection without adding unnecessary bulk. It is tailored for a snug fit and is made to slip effortlessly into backpacks, shoulder bags and briefcases. Please note that this sleeve is designed for use with a bare MacBook and is not compatible with devices using an additional hard shell case.
