

The Satechi Dual Vertical Laptop Stand is your ultimate solution for a clean, clutter-free workspace. Designed to keep your MacBook and iPad vertical, it maximizes desk space, improves working efficiency, and promotes optimal device temperature. This 2-in-1 aluminium stand is sturdy and sleek, ensuring your devices are protected and within reach.

- Dual Slot Design
- Optimal Temperature control
- Protective Materials
- Sturdy and Modern Structure
- Non-slip Pads

Dual Slot Design

Experience an improvement in your work efficiency with Satechi's Dual Vertical Stand. Designed with dual slots, it supports your MacBook and iPad simultaneously in a vertical position, making room for other essential accessories on your desk and keeping your devices within reach whenever needed.

Optimal Temperature Control

Heat can limit the lifespan and performance of your devices. Satechi recognizes this problem and solves it with the Dual Slot design of the stand that maximizes airflow around your MacBook and iPad. This design keeps the internal components of your devices at optimal temperatures, supporting faster processing speed and longer battery life.

Protective Materials

The safety of your devices is our priority. The Satechi Vertical Stand boasts non-slip pads that ensure your MacBook or iPad remains upright, protected from slipping or falling. Its protective grip ensures your device maintains its position and never slides off.

Sturdy and Modern Structure

High-grade, stress-resistant materials make the frame of the stand. With this quality aluminium construction, the Satechi Stand becomes sleek and sturdy, striking a balance between strength and style.

Non-slip Pads

Satechi extends its commitment to your device's safety by integrating non-slip pads into the Stand design. These pads prevent your device from sliding off the stand while you're busy connecting to your external monitor or doing other work.

Package includes

- 1 Satechi Dual Vertical Laptop Stand - Space Grey
- Installation Manual
