SATECHI

Satechi OntheGo 45W Charger - Type C - Blush

Satechi OntheGo™ 45W Charger with 60W Max is a single-port USB-C charger for MacBook Neo users and anyone charging a mix of Apple and Android devices. It delivers up to 60W at plug-in and sustains 45W through Dynamic Power System technology, with USB PD 3.2 AVS and PD 3.1 PPS support. A compact GaN design and four color-matched metallic finishes make it a practical fit for a desk setup or travel bag.

- Up to 60W output with 45W sustained charging
- USB PD 3.2 AVS for MacBook Neo, iPhone, and iPad
- USB PD 3.1 PPS for up to 45W Android fast charging
- Compact GaN design with one USB-C port
- Four metallic finishes matched to MacBook Neo

Up to 60W output with 45W sustained charging
Dynamic Power System (DPS) delivers up to 60W at plug-in, then adjusts to 45W sustained output based on temperature or use duration without disconnecting. The power headroom supports cooler operation while maintaining steady charging.

USB PD 3.2 AVS for MacBook Neo, iPhone, and iPad
USB PD 3.2 AVS supports the MacBook Neo's full peak charging speed and fast charging for iPhone 17 and iPhone 17 Pro. It also delivers up to 45W to compatible iPads, so one charger can serve your laptop, phone, and tablet individually.

USB PD 3.1 PPS for up to 45W Android fast charging
USB PD 3.1 PPS provides precision voltage and current control for optimized charging on compatible Samsung Galaxy and Google Pixel devices. With support for up to 45W fast charging, it covers the Android side of a mixed-device household without needing a separate charger.

Compact GaN design with one USB-C port
Gallium Nitride technology delivers 45W sustained output with 60W maximum headroom in a body measuring 3.45 x 4.1 x 3.6 cm. The single USB-C port keeps the design compact, while GaN supports lower operating temperatures than legacy silicon adapters.

Four metallic finishes matched to MacBook Neo
Choose from Silver, Indigo, Citrus, and Blush, each with a metallic finish designed to complement MacBook Neo's anodized aluminum. The charger is part of the Satechi MacBook Neo collection, alongside a hub, stand, and cable available in matching finishes.

Package includes

- 1x Satechi OntheGo™ 45W Charger - Blush
- 1x User Manual

Product specifications

- Brand: Satechi
- Product: OntheGo™ 45W Charger with 60W Max
- Finish: Metallic, color-matched to MacBook Neo
- Charging port: 1 x USB-C
- Maximum output: Up to 60W at plug-in
- Sustained output: 45W
- Power management: Dynamic Power System (DPS), adjusts output based on temperature or use duration without disconnecting
- Charging protocols: USB PD 3.2 AVS, USB PD 3.1 PPS
- Android fast charging: Up to 45W on compatible Samsung Galaxy and Google Pixel devices
- iPad charging: Up to 45W on compatible models
- Technology: Gallium Nitride (GaN)
- Product dimensions: 3.45 x 4.1 x 3.6 cm
- Package dimensions: 100 x 41 x 100 mm
- Cable: USB-C cable sold separately
- Mac compatibility: MacBook Neo (13-inch, 2026)
- iPad compatibility: iPad Pro 11-inch and 12.9/13-inch (all USB-C generations), iPad Air (M1, M2, M3 and later), iPad Mini (USB-C, 6th generation and later), iPad (USB-C, 10th generation and later)
- iPhone compatibility: iPhone 15, 15 Plus, 15 Pro, 15 Pro Max; iPhone 16, 16 Plus, 16 Pro, 16 Pro Max; iPhone 17, 17 Pro, 17 Pro Max; iPhone 18 Pro, 18 Pro Max; iPhone 16e, 17e; iPhone Air
- Pending compatibility testing: iPhone Duo
