

Experience ultimate media control at your fingertips with the Satechi R2 Bluetooth Multimedia Remote Control. This device offers intuitive and efficient access to all your media content, whether guiding presentations, controlling your work playlists, or navigating on-screen apps. With two distinct modes – Multimedia and presentation – you can effortlessly switch from controlling digital content to delivering impressive business presentations.

- Two operational modes
- Virtual keyboard and Siri access
- On-screen laser pointer
- Wireless Bluetooth 5.0 connectivity
- Rechargeable USB-C design

Two Operational Modes

Switch between Multimedia and Presentation modes with ease. The R2 adapts to your needs, changing from media control to an efficient presentation guide at a simple button press.

Virtual Keyboard and Siri Access

In multimedia mode, you can control your media with various features – adjust volume, forward/backwards, play/pause, mute, and even access Siri and the virtual keyboard. It's your ultimate companion for media control. Please note that macOS does not support the Siri function.

On-Screen Laser Pointer

In presentation mode, use the on-screen laser pointer, enabled in PowerPoint and Keynote settings, to direct attention and guide your viewers.

Wireless Bluetooth 5.0 Connectivity

No need for tangled cables with the R2. It employs wireless Bluetooth 5.0, offering control from up to 32 ft (10 m) away. Perfect for delivering compelling presentations or controlling media content from your comfort spot.

Rechargeable USB-C Design

With an integrated USB-C port, the R2 offers convenient rechargeability. It boasts a long-lasting battery, providing up to six months of power based on one-hour usage.

Package Includes

- Satechi R2 Bluetooth Multimedia Remote Control - Space Grey
- USB-C charging cable
