SuperSpeed USB 3.0
The Satechi USB-C Aluminum USB Hub & Card Reader outperforms with its SuperSpeed USB 3.0 feature which supports up to 5 Gbps speed. This allows rapid downloads, efficient file back-ups, and quick photo transfers. Boost your productivity and save ample time with this versatile device. It ensures full forward and backward compatibility with USB 3.0, 2.0 and 1.1 hosts and devices.

Apple Aesthetic Design
Our hub perfectly complements your Mac devices with its sturdy construction and sleek brushed aluminium finish. Not just a perfect match, but the design elevates your workspace to a new modern height. Please note that this multifunctional hub only works as a USB hub; it connects various USB devices to your computer and doesn't function as a standalone charger.

Micro/SD Card Slots
Our USB-C Aluminum USB Hub and card Reader are equipped with practical Micro SD and SD card slots for smooth access to essential documents and cherished photos. Whether you need to upload or offload data, slip your Micro SD or SD card in the applicable slot, and you're ready. But remember that SD and Micro SD card slots cannot be used concurrently.

Backward Compatibility
The Satechi USB-C Aluminum USB Hub and card Reader ensure full forward and backward compatibility between USB 3.0 and 2.0/1.1 hosts and devices. No need to worry as this device preserves your older technology while introducing you to faster, more efficient operations.

Efficient and Convenient
This sturdy hub lets you connect typical USB devices to your Type-C laptop, smartphone, or tablet. With convenience at the forefront of its design, it allows quick transfer of large files, seamless movie downloads, and efficient computer backups courtesy of its 5 Gbps USB 3.0 speed.
