SATECHI

# Satechi USB-C Hybrid Multiport Adapter - Black

Transform data storage and connectivity with the fantastic new Satechi USB-C Hybrid w. Built-in SSD Storage Compartment in an elegant black finish. This high-speed device combines the convenience of an external drive and USB Type-C hub in one sleek package. With this dynamic device, you can increase storage, charge devices quickly, connect to screens with 4K HDMI output, and enjoy fast data transfer, all while using a single USB-C port.

- Built-In SSD Enclosure
- 4K HDMI Display Output
- USB-C PD Charging Up to 100W
- Two USB_A 3.0 Data Ports
- Stylish Aluminium Design

**Built-In SSD Enclosure**
The USB-C Hybrid Multiport Adapter stands out for its built-in SSD storage compartment. This allows the device to increase storage capacity and hold critical file backups safely. The fast data transfer rates, up to 5 Gbps, make data transfer a breeze.

**4K HDMI Display Output**
The device promises a superior visual experience with its stunning 4K HDMI output. External monitors or displays that support HDMI can stream smoother and provide an optimum view. Please remember that this requires a direct HDMI connection.

**USB-C PD Charging Up to 100W**
This feature allows the device to power up swiftly thanks to its formidable USB-C PD charging capability, up to 100W. Please note that approximately 15W is used for operation.

**Two USB_A 3.0 Data Ports**
Besides increasing storage, the device has two USB-A 3.0 data ports for improved data transfer options. These ports can accelerate the transfer up to 5 Gbps. This does not support charging or card readers, including Apple SuperDrive.

**Stylish Aluminium Design**
Beyond its top-notch features, the USB-C Hybrid Multiport Adapter is a beauty, with a sleek aluminium design, considering the tech and aesthetics of your workspace.

**Package Includes**

- USB-C Hybrid Multiport Adapter - Black
- Instruction Manual
