Powerful USB4 at 40 Gbps

The Satechi USB4 Multiport Adapter is equipped with next-generation USB4 technology, enabling a total bandwidth distribution of 40 Gbps. This enhances data transfer rates up to 10 Gbps and ensures upgraded video quality. It's also backwards compatible with Thunderbolt 3 and USB-C devices.

Superfast 2.5 Ethernet

Enjoy an ultra-fast, reliable connection with 2.5G Ethernet, 2.5X faster than 1Gbps Gigabit Ethernet. The device is also backwards compatible with 10/100/1000Mbps, promising high-speed connectivity up to 2.5 Gbps.

Stunning 8K HDMI Display

Experience a superior visual display with the ultra-high-res 8K HDMI output. Whether you're working, streaming, or gaming, enjoy a stunning display at a refresh rate of up to 60Hz. Be ready to level up your viewing experience with crystal-clear visuals.

Comprehensive Ports for Complete Setup

Seal your work or home setup with this single device. It comprises all necessary ports, including 8K HDMI, 2.5G Ethernet, 2 x USB-C 3.2 Gen2 10Gbps (one of which supports PD charging), USB-A data up to 10 Gbps, and an audio jack port.

Convenient Backwards Compatibility

The Satechi USB4 Multiport Adapter offers seamless backwards compatibility. USB4 technology pairs high-speed data transfers and improved video quality with the capacity to connect with your existing Thunderbolt 3 and USB-C devices.
