UAG Dryout Ultimate Laptop Sleeve 16" - Black

Protect your laptop and help remove unwanted moisture with the Urban Armor Gear DRYOUT Ultimate Laptop Sleeve in black. Designed for laptops with a 40.6 cm screen diagonal, it combines reusable moisture-removal panels with impact-absorbing padding and a soft lining for everyday protection.

- Integrated DRYOUT moisture removal
- Reusable absorbent core
- Durable, padded protection
- Space for your everyday essentials
- Comfortable carrying and easy access

Integrated DRYOUT moisture removal
Built-in DRYOUT panels absorb moisture from electronics exposed to rain, sweat, humidity or condensation. Approximate moisture-removal times are 3 to 7 hours after light exposure and 5 to 9 hours after immersion. Before use, turn off your electronics, remove accessories and removable batteries, and wipe away any visible moisture.

Reusable absorbent core
The absorbent core can be reset for repeated use with sunlight, direct heat or forced airflow, following the manufacturer's instructions. This lets you reuse the moisture-removal system rather than replace it after each use.

Durable, padded protection
A rugged PU-coated 600D exterior helps protect your equipment during everyday carrying. Inside, Atilon impact-absorbing foam provides cushioning, while the soft Nylex fleece lining helps protect surfaces from scratches.

Space for your everyday essentials
Designed for compatible laptops, tablets and similarly sized electronics, the sleeve also accommodates items such as detachable keyboards, external drives, styluses and input devices. A stretch front pocket provides additional storage for smaller essentials.

Comfortable carrying and easy access
Low-profile tote handles make the sleeve easy to carry between home, work and meetings. Reverse-coil zippers with corded pullers provide a practical grip when opening and closing the sleeve.

Package includes

- One black Urban Armor Gear DRYOUT Ultimate Laptop Sleeve - Black
