- Slim profile that fits easily into your bag

Cushioned protection with 4 mm neoprene

Made from high-quality 4 mm neoprene with a premium Lycra exterior, the Classic Fit Sleeve provides shock absorption and all-round protection against everyday bumps and impacts.

Protective zip closure around the edges

The zip closure adds protection around the edges of your MacBook, helping keep it securely enclosed while you carry it.

Easy access from either side

Dual zip pullers let you open the sleeve from either side, making it convenient for both left-handed and right-handed users. Soft-touch pullers provide a comfortable grip when opening and closing.

Ultra-soft lining for scratch protection

The ultra-soft faux-fur lining helps protect your MacBook against scratches, dust and dirt. Its gentle interior cushions the device while keeping it separated from other items in your bag.

Slim profile that fits easily into your bag

The lightweight, contoured design fits your MacBook Neo 13 without unnecessary bulk, making it easy to slide into a bag or briefcase. For additional protection, the sleeve can also be used with a compatible Pipetto MacBook Hardshell.
