Pipetto Classic Fit Sleeve for MacBook Pro 14 / Air 13.6 - Lavender

The Pipetto Classic Fit Sleeve is a slim, protective MacBook sleeve designed for everyday travel and storage. Made from premium 4 mm neoprene with a soft outer finish and ultra-soft inner lining, it helps protect your device from bumps, scratches, dust and dirt while maintaining a clean, lightweight profile that slips easily into your bag or briefcase.

- Premium 4 mm neoprene construction for reliable everyday protection
- 360 degree impact protection with a slim, contoured fit
- Ultra-soft inner lining helps guard against scratches, dust and dirt
- Protective zip closure adds extra coverage around the edges
- Internal AirTag pocket helps you keep track of your MacBook

Premium 4 mm neoprene construction for reliable everyday protection
Made from high-quality 4 mm neoprene, this sleeve is built to offer dependable protection without unnecessary bulk. The material provides enhanced shock absorption for daily use, helping to shield your MacBook from knocks and movement when carried in hand or packed inside another bag.

360 degree impact protection with a slim, contoured fit
The sleeve is shaped to fit your MacBook closely, creating a neat and secure fit around the device. Its slim profile makes it easy to slide into a backpack, tote or briefcase, while the all-round protective design helps reduce exposure to everyday impacts during travel and storage.

Ultra-soft inner lining helps guard against scratches, dust and dirt
Inside, the sleeve is finished with an ultra-soft lining that helps keep your MacBook in excellent condition. It reduces contact with abrasive surfaces and helps protect against scratches, dust build-up and dirt, making it well suited for regular use at home, at work or on the move.

Protective zip closure adds extra coverage around the edges
The zip closure is designed to provide a secure finish while adding protection around the perimeter of your MacBook. This helps keep the device safely enclosed and makes the sleeve practical for carrying between meetings, commuting or storing inside a larger bag.

Internal AirTag pocket helps you keep track of your MacBook
A small internal pocket is included to hold an AirTag, giving you an easy way to track the location of your MacBook if it is misplaced or left behind. It is a thoughtful feature that adds convenience without affecting the slim design of the sleeve.

Please note:
This sleeve is designed for a slim fit and is not compatible with MacBooks fitted with an additional hardshell case.

Product specifications:

- Brand: Pipetto
- Product type: MacBook sleeve
- Material: 4 mm neoprene
- Exterior: Soft jersey finish
- Interior: Ultra-soft lining
