Süti ChargeArm

Suti ChargeArm is a MagSafe wireless charger designed to mount neatly to your desktop monitor and keep your iPhone charged within easy reach. Crafted from machined natural aluminum with a soft silicone charging pad, it is made to complement Apple Studio Display and Pro Display XDR while helping maintain a clean, organized workspace.

- Attaches neatly to your desktop monitor
- MagSafe wireless charging for iPhone
- Supports landscape use and StandBy mode
- Machined natural aluminum construction
- USB-C connection for a cleaner desk setup

Attaches neatly to your desktop monitor
ChargeArm is designed to attach directly to your desktop monitor, keeping your iPhone visible, accessible, and off the desk surface. Its compact form helps reduce clutter while giving your workspace a more organized and professional feel.

MagSafe wireless charging for iPhone
The built-in MagSafe charging surface makes it simple to place your iPhone securely for wireless charging. Strong magnets help keep the phone in position, while the soft silicone pad provides a stable surface that helps protect against scratches.

Supports landscape use and StandBy mode
When your iPhone is mounted in landscape orientation, ChargeArm supports StandBy mode, allowing your phone to function as a smart display. View clocks, photos, widgets, and other glanceable information while you work.

Machined natural aluminum construction
ChargeArm is crafted from machined natural aluminum for a durable, refined finish. The material and color are designed to complement Apple Studio Display and Pro Display XDR, creating a cohesive setup on your desk.

USB-C connection for a cleaner desk setup
ChargeArm connects via USB-C, allowing it to plug directly into a compatible monitor for power. This helps reduce loose cables across your workspace and keeps charging simple and discreet.

Package includes

- 1 x Süti ChargeArm Alluminium finish
