Exclusively Designed for iMac or Apple Display

Curated to blend seamlessly with Apple's iconic design, the Twelve South BackPack 3 is the perfect companion for your iMac or Apple Display. Its durable steel construction not only complements but also enhances the look and feel of your workspace, allowing for a setup that radiates elegance.

Store Hard Drives and USB Accessories Neatly

Hiding clutter has never been more stylish. The Twelve South BackPack 3 provides a discreet and convenient place to store your USB devices, hard drives, or business cards. By placing these items behind your screen, you maintain a clean and uncluttered desk area, leaving more room for creativity and productivity.

Vertical Support for Tall Items

Tall items such as a Time Capsule or MacBook Air can stand securely with the included vertical supports. This thoughtful feature of the Twelve South BackPack 3 ensures your devices are held confidently in place, so you have peace of mind about the safety of your gadgets while enjoying a streamlined workspace.

Scratch-Free Installation Using Gravity

The Twelve South BackPack 3 utilizes an innovative gravity-based mounting system that requires no permanent fixtures, preserving the integrity of your iMac or Apple Display. The installation is as gentle as it is secure, leaving no scratches or marks on your device.

Integrated Cable Management Rails

The Twelve South BackPack 3's built-in cable management rails keep your cables organized and readily accessible. Say goodbye to tangled wires and time wasted untangling; with the BackPack 3, your cables stay in order, ready for when you need them.
