

With *Find My* capability, revolutionize your charging experience with the Twelve South PlugBug 50W USB-C Charger. This powerful and innovative charger ensures fast and smart charging for your devices and features built-in *Apple Find My* technology. Never lose your charger again, as this compact device integrates seamlessly with your Apple ecosystem to offer unparalleled convenience and peace of mind.

- Built-in *Apple Find My* technology
- Ultra-slim design with foldable plugs
- Smart power delivery
- Interchangeable adapters
- Charge multiple devices simultaneously

Built-in *Apple Find My* Technology

The Twelve South PlugBug 50W charger is the first to incorporate *Apple's Find My* technology directly into the device. This feature allows you to track the exact location of your charger via the Find My app on your iPhone, ensuring that you never have to wonder where you left it. Whether you left it at a hotel, the airport lounge, or your home, you can now find your charger with ease and confidence.

Ultra-slim design with Foldable Plugs

Designed with a sleek and ultra-slim profile, the PlugBug 50W charger saves space by laying flat against walls and outlets. The foldable plugs make it incredibly easy to pack and carry, making it the perfect travel companion. Its bold red accent makes it stylish and distinguishes it from the usual sea of white and black chargers.

Smart Power Delivery

Twelve South's PlugBug features smart power delivery to ensure faster and more efficient charging. The charger intelligently distributes power among multiple devices, allowing you to charge your gadgets quickly and effectively. Say goodbye to long waiting times and hello to smarter charging.

Interchangeable Adapters

The PlugBug 50W USB-C charger has interchangeable adapters, making it compatible with various power outlets worldwide. Whether you're at home or traveling abroad, you can stay charged and connected without the hassle of carrying multiple chargers.

Charge Multiple Devices Simultaneously

With its 2-port design, the PlugBug 50W charger allows you to charge multiple devices simultaneously. The ports deliver a combined output of 50W, with power distribution capabilities of 30W for one port and 20W for the other. This means you can charge your laptop, smartphone, and other USB-C compatible devices simultaneously without compromising speed or efficiency.
