UAG Civilian Backpack 20L - Midnight Camo

Built for city streets and off-grid escapes, the Urban Armor Gear Civilian Backpack 20L in Midnight Camo combines rugged protection, smart organization, and day-long comfort. With a streamlined 20-liter profile, a secure laptop compartment, and durable materials throughout, it keeps your essential gear protected, accessible, and ready for any mission.

- Smart 20L interior with full clamshell opening
- Dedicated laptop compartment up to 41 cm
- Quick-access top pocket for essentials
- Side pockets for water bottle and accessories
- Rugged, lightweight design with all-day comfort

Smart 20L interior with full clamshell opening
The Civilian Backpack's 20-liter capacity is designed to maximize usable space while staying compact and agile. The full clamshell opening lets you unzip the bag completely for suitcase-style packing, so you can see and organize everything at once. Whether you are packing tech, clothes, or daily essentials, you get quick, hassle-free access without digging to the bottom of the bag.

Dedicated laptop compartment up to 41 cm
Keep your technology safe and secure with a dedicated padded laptop compartment that fits devices up to 41 cm. The separate sleeve helps protect your laptop from bumps and scuffs while preventing it from mixing with other gear. It is ideal for commuting, travel, or working on the go, giving you fast access at security checkpoints and in meetings.

Quick-access top pocket for essentials
Stay ready for anything with a lined top zippered accessory pocket that keeps your most important items close at hand. Perfect for keys, wallet, passport, or sunglasses, this pocket is designed for convenience and protection, with soft lining to help guard delicate items from scratches. No need to open the main compartment when you just need your everyday essentials.

Side pockets for water bottle and accessories
Hydration and extra storage are always within reach thanks to the side pockets. One side holds your water bottle securely, while the additional side accessory organizer pocket gives you space for cables, chargers, tools, or other small items you need on the move. This layout keeps frequently used gear easy to grab without disrupting the rest of your pack.

Rugged, lightweight design with all-day comfort
Built from heavy-duty, wear-resistant materials, the Civilian Backpack is engineered to handle daily commutes, weekend trips, and rougher terrain. Nylon-stitched gear loops let you attach extra equipment, while a patch area allows for personal customization. Trusted YKK zippers add long-lasting reliability. Despite its toughness, the backpack stays comfortable with an air mesh padded back panel, cushioned shoulder straps, and a stabilizing sternum strap to help distribute weight and reduce fatigue throughout the day.

Package includes:
