Ecocordz 16" Sleeve - Black

Professional, thoughtful and designed for modern mobility, the Ecocordz 16" Sleeve is designed to protect what matters most. It combines a clean and elegant design with durable protection and intuitive functionality, made for those who expect performance in every detail.

- Premium craftsmanship with water-repellent outer protection
- Luxurious synthetic lining
- Smartly organized compartments
- Premium YKK® zippers
- Certified recycled materials
- 100% compostable packaging

Premium craftsmanship - built for the demands of the workplace
The slim, water-repellent exterior protects your laptop from rain and spills, while the bag's clean lines give it a sleek, professional look. The structure holds its shape without being bulky - perfect for the office, commute or business trip.

Luxury synthetic lining - superior protection for your computer
The inside is covered in a luxurious synthetic lining that protects your computer from scratches and bumps.
The soft, supple surface gently envelops your device, turning every opening into a moment of quality. That's the kind of comfort you feel - not in words, but in feeling.

Thoughtful organization - everything in its place
Designed with simplicity and efficiency in mind. Multiple inner compartments keep chargers, cables, and accessories organized, while the outer compartment provides quick access to what you use most. Every detail is placed with precision to create a smooth, thoughtful user experience.

Premium YKK® zippers - long-lasting reliability
The Japanese-made YKK® zippers move quietly and smoothly, maintaining their precision even after long periods of daily use. Every component of the case is chosen with the same care - to provide protection that feels solid, reliable and well-made.

With care for you and the environment
Ecocordz 16" Sleeve is made from 95% GRS certified recycled materials, giving recycled polyester waste new life as durable protection with a timeless design. The high quality of materials not only makes the product durable - it also extends its lifespan, reducing the need to replace it over time. The packaging is 100% compostable and decomposes naturally, leaving no trace. A conscious choice for those who want to combine quality, responsibility, and style.
