High Precision Temperature Control
With the HerQs EasyBBQ's advanced precision thermometer, you're guaranteed optimal cooking results. The device, capable of measuring a temperature range of up to 300 degrees Celsius, ensures that your meats are grilled just the way you like them. Whether aiming for a rare steak or a well-done burger, the HerQs EasyBBQ takes the uncertainty out of your grilling game, achieving delicious outcomes with every use.

Extended Battery Life
Designed for long cooking sessions, the HerQs EasyBBQ offers an impressive battery life of up to 200 hours. Those lengthy weekend barbecues and family gatherings will benefit from continuous monitoring, with no need to worry about your monitoring tool dying on you at a critical cooking moment.

Convenient Range and Connectivity
The HerQs EasyBBQ boasts an impressive wireless range, allowing you to step up to 60 meters away while maintaining a strong, reliable connection. This exceptional feature means you're free to entertain guests, set the table, or prepare side dishes, all without losing the link to your active grilling session.

Real-Time Smartphone Notifications
Stay informed with real-time alerts directly to your smartphone using the HerQs EasyBBQ app. No more hovering around the grill! With these notifications, you'll know exactly when your food has reached the desired temperature, giving you the freedom to be the perfect host while still taking the helm at the grill.

Robust and Easy-to-Use Design
The herQs EasyBBQ's durable construction is built to withstand the rigors of frequent grilling. Its ease of use is enhanced further by the magnetic mounting system, which allows for quick attachment to any part of your grill without the hassle. Experience the difference in durability and convenience with every barbecue session.
