

Pipetto Magnetic Folio for iPhone X/XS

This **2-in-1 Leather Magnetic Folio iPhone X/XS Case** is part of our new range of **iPhone X/XS 2-in-1 cases** and available in three of our most popular leather colours. The iPhone X/XS Folio case combines a slim, protective PC shell with a hidden internal metal panel and a magnetic leather folio that combine together to allow you to carry your iPhone, cards and cash with you in one place.

The Magnetic Folio is a 2-part case that separates into a slim PC shell and magnetic leather folio, offering a practical solution for those wanting the functionality of a wallet case and the simplicity of a slim but protective iPhone shell.

The inner magnetic shell part of this 2-in-1 folio is a thing of beauty in itself. It separates out of the folio to allow you to quickly and conveniently mount your Phone on any magnetic mount — for example, on your car dashboard for sat nav or on the wall for hands-free FaceTime or video watching. This magnetic inner shell is also unique in that it is **one of the first magnetic iPhone cases on the market** to be able to be *both* magnetic *and* work with **wireless charging, Apple Pay & contactless payments** at the same time. (Most will do one or the other).

The leather folio part of this case is handcrafted from **100% Genuine Leather** and is **designed with 2 card slots, an I.D. pocket and also an internal pocket for cards, cash or receipts**. The rear fold on the case also allows it to fold into a stable viewing stand, perfect for watching videos on soft or unstable surfaces (like in bed or on a commute).

As Apple users ourselves, we've tried and tested this product to try and include everything we can think of on this case to enhance the use of your iPhone and help streamline your daily life, but also keep the product premium and compact. We hope you love it as much as we do.
