Seamless MagSafe Attachment

With iRing's advanced MagSafe technology, you can easily attach the iRing Mag-Steel Blue to your iPhone. Unlike other products requiring adhesive stickers, the iRing Mag uses a powerful magnet, allowing for effortless attachment and removal. This is perfect for wireless charging or switching accessories without any hassle.

360-degree Rotation and 180-degree Tilt

The iRing Mag - Steel Blue provides unparalleled flexibility with 360-degree rotation and 180-degree tilt functions. This allows you to position your iPhone in any direction, making it ideal for watching videos or using Apple's standby mode. Enjoy adjusting your phone to the perfect angle for any activity.

User-Friendly Design

Say goodbye to adhesive stickers and cumbersome attachments. The iRing Mag is designed for user convenience, using the highest-grade N52 magnet to ensure it stays securely in place. You can effortlessly attach and remove it whenever needed, making everyday use more straightforward and efficient.

Optimal Horizontal Positioning

Thanks to its rotation and tilt capabilities, the iRing Mag lets you easily position your phone horizontally. This is perfect for watching videos or using the standby mode of Apple, which provides valuable information while charging, including time, weather, calendar appointments, or music.

Sleek, Minimalist Design

Style matters as much as functionality. The iRing Mag - Steel Blue is designed to complement your iPhone perfectly. Its sleek and minimalist design ensures that it not only feels great but looks great, too, seamlessly blending with your iPhone series to enhance its overall aesthetics.
