

Just Mobile TENC™ [Silicone] w. MagSafe for iPhone 14 - Coral

- TENC technology that protects for real
- Four layers of protection and comfort
- Slim design
- Compatible with MagSafe

Silicon is a thin and stylish silicone case that gives your phone color and protection while giving you a great grip on your phone. The case has four layers, an soft microfiber inside, protective hard PCP plastic, super soft silicone and is then covered by an extra layer of firmer and grip-friendly silicone. Has an extra protective 1 millimeter raised edge around the screen and camera to provide extra protection for the most sensitive parts of your phone.

The TENC cases from Just Mobile come in versions of super slim crystal clear or frosted cases, extra protective silicone in different colors and a transparent case with sprinkled glitter.

The only case you need for your iPhone

The shell has covered buttons with deep cutouts so as not to affect the click feel. A raised frame around the camera also protects your camera lenses. Which provides complete protection and is also fully compatible with MagSafe and other wireless charging.

Good to know

The case for iPhone 14 (basic model) also fits the basic model of iPhone 13.
