Just Mobile TENC Slim Fit for iPhone 14 Pro - Frost

Just Mobile Frost is a thin, protective iPhone shell designed to preserve the original feel of your phone while adding reliable everyday protection. With a super-slim profile, TENC material technology, and full MagSafe compatibility, it’s built for people who want protection without bulk.

- TENC technology that protects for real
- Super slim 0.6 mm design
- Keeps the original look of your iPhone
- Compatible with MagSafe and wireless charging
- Raised frame protects the camera lenses

TENC technology that protects for real
Frost is made with Just Mobile’s TENC technology, designed to provide dependable protection for daily use while maintaining a clean, premium feel in the hand.

Super slim 0.6 mm design
At only 0.6 mm thin, Frost fits tightly around your iPhone and keeps the profile sleek. It’s a practical choice if you want a case that doesn’t add noticeable bulk in your pocket or bag.

Keeps the original look of your iPhone
Frost is made to stay visually understated and let your iPhone design show through. It’s available in a clear transparent look or a frosted appearance, depending on the style you prefer.

Compatible with MagSafe and wireless charging
Frost is fully compatible with MagSafe and works with other wireless charging solutions, so you can keep using your charging and accessory setup without removing the case.

Raised frame protects the camera lenses
A raised frame around the camera adds extra protection where it matters, helping shield the lenses from contact with flat surfaces. Covered buttons and deep cutouts are designed to preserve a precise, natural click feel.

Package includes

- 1 x Just Mobile case - Frost
