HD clarity glass with 9H hardness
Engineered from premium tempered glass, Xkin 3D achieves an industry-leading 9H hardness to guard against scratches, scuffs, and everyday wear. Keep your display looking pristine without compromising visual fidelity.

Silky smooth, highly responsive touch
A refined, durable surface treatment delivers a silky glide that feels just like your original screen. Every tap, swipe, and gesture registers instantly, ensuring a seamless, high-sensitivity touch experience.

Oil, water, and fingerprint resistant coating
An advanced oleophobic coating repels smudges, moisture, and fingerprints to keep your screen cleaner for longer. Enjoy a clear view with easy wipe-down maintenance, even after heavy use.

True full-screen coverage, including the iPhone XR curved edges
Designed to match the contours of iPhone XR, Xkin 3D wraps from edge to edge, including the curved screen area. A silk-colored border blends in for a clean, integrated look and comfortable feel.

Precision laser-cut openings for sensors
Meticulous laser cutting ensures perfect alignment with the iPhone XR's front sensors and speaker. You get reliable Face ID performance, clear audio, and unobstructed functionality.
