moment that makes a
big difference**

It's the little bright moment that makes a big difference. Bulb Moments is a smart choice.

Lite Bulb Moments GU10 Smart LED Bulb 3-Pack

Elevate the ambience of your home with the White & Color Ambience (RGB) GU10 LED bulb from Lite Bulb Moments. This ultra-smart light bulb offers a full spectrum of 64 million colors along with white lighting, easily controlled and customized from your device. Effortlessly create the perfect mood for every moment, promote your wellbeing, and bring color to your everyday life.

- Features Circadian Rhythm Technology
- Wi-Fi and Bluetooth Connectivity
- Convenient Dimmable and Timer functions
- Full control & customization with TUYA Lite App
- Extensive compatibility with Alexa and Google Home Assistant

Circadian Rhythm Technology

Designed to enhance your health and wellbeing, our smart LED bulb tailors its lighting to sync with your circadian rhythm. By simulating the sun's natural light pattern, it ensures you get the right intensity and color of light at the right time, contributing to a good night's sleep and a day filled with energy.

Wi-Fi and Bluetooth Connectivity

Each light source integrates individually to your Wi-Fi network for secure and quick installation via the Lite app. It can also connect via Bluetooth, making it highly versatile and easy to use. Whether you're using a 2.4GHz or 5GHz network, setup is simple and hassle-free.

Dimmable and Timer functions

Experience full control over your lights with the dimmable and timer functions. Easily modify the intensity of illumination to match your mood or time of day and set the timer to automatically turn lights on or off - offering peace of mind and energy efficiency.

Full control & customization with TUYA App

The TUYA App allows you to create personalized routines and scenes, influencing color, light settings, and brightness to suit your preference instantly. Language is not a barrier as it supports 12 different languages, including Nordic ones.

Compatible with Alexa and Google Home Assistant

This bulb is compatible with Amazon Alexa and Google Home Assistant for seamless voice-controlled operation. Easily integrate the lights into these platforms and manage lighting conditions with simple voice commands, giving you a hands-free experience.

Setup/ installation

The light supports both Wi-Fi and Bluetooth. Supports both 2.4GHz and 5GHz networks. Use the step by step guide in the TUYA app. You can find the TUYA - app in Google Play Store or in Apple App Store.
