With 64 million colour combinations and a host of user-friendly features, let this light chain highlight your decor and transform your home or office into a spectacle of light and colour.

- Programmable Light Sources
- Music Sync Capability
- Easy Connection to Wi-Fi
- Google and Alexa Compatibility
- Weather Resistant Design

Programmable Light Sources

Each light in the Smart Light Chain contains 64 million colour combinations, offering you the ultimate creative freedom. Tailor your lighting to match your mood or event theme easily using the TUYA app. You're in total control, from adjusting brightness to setting timers, creating your scenarios, and changing colours.

Music Sync Capability

Elevate your parties with a light show that moves to the beat of the music. The Smart Light Chain features a built-in microphone that allows your light chain to flash or change colours in sync with the rhythm. With 20 pre-programmed functions available at the touch of a button on the power supply, you can transform your space into a vibrant light and sound extravaganza.

Easy Connection to Wi-Fi

With a quick and easy connection to your Wi-Fi, the Smart Light Chain by Lite Bulb Moments promises a seamless setup—delight in the vibrant hues and stunning light patterns within seconds of unpacking your new lighting companion.

Google and Alexa Compatibility

Integrate your Smart Light Chain into your smart home ecosystem with its compatibility with Google and Alexa. Control your lighting using voice commands for a hands-free lighting experience. Group multiple light chains together, and they will operate in unison following the same command, creating a unified and mesmerizing effect.

Weather-Resistant Design

Crafted with careful attention to durability, the Smart Light Chain is IP65 waterproof. Hang it outdoors without fear of rain or snow damage. However, prolonged submersion underwater is not recommended.
