High-sensitivity photoelectric sensor

The MAUS Rauch Wifi - Fire alarm utilizes a state-of-the-art photoelectric sensor to detect even the slightest presence of smoke. This advanced technology ensures early detection of potential fire hazards, giving you crucial extra time to react and evacuate if necessary.

Loud 85 dB alarm with flashing light

When danger is detected, the MAUS Rauch Wifi - Fire alarm springs into action with a powerful 85 dB alarm and bright flashing light. This dual-alert system ensures that you're immediately notified of any potential threats, even if you're asleep or in another room.

Smartphone notifications

Stay connected to your home's safety, no matter where you are. The MAUS Rauch Wifi - Fire alarm sends instant notifications to your smartphone, alerting you to any detected smoke or fire. This feature provides peace of mind and allows you to take quick action, even when you're away from home.

WiFi connectivity for remote control

With built-in WiFi connectivity, the MAUS Rauch Wifi - Fire alarm can be easily controlled and monitored through your smartphone. Check the status of your alarm, receive real-time updates, and manage multiple devices all from the convenience of your mobile device.

Compatible with Tuya app

The MAUS Rauch Wifi - Fire alarm seamlessly integrates with the Tuya app, providing a user-friendly interface for controlling and monitoring your device. This compatibility allows for easy setup and management, making it simple to incorporate the alarm into your smart home ecosystem.
